**Who:** Over 80 families and the Community Action Agency will sell furniture, clothing, house wares, toys and a wide range of other gently used items at yard sale bargain prices. For individuals wishing to sell items, tables are still available and may be purchased the morning of the sale at 8:00 a.m. for \$20.

**Why:** With rising inflation putting a squeeze on people's pockets, many families are shopping around for a good deal. In addition, a portion of the proceeds will provide valuable funding for the many programs CAA offers for Cincinnati's low- to moderate-income community.
