## **MSSC Certified Production Technician Course**

Cincinnati Manufacturing Certifications (CMC), a program of CAA, helps individuals sharpen their skills and get production technician certifications sought after by nine different manufacturing sub-industries.

Enroll today  
in this free,  
4½ week  
training course to  
gain higher pay,  
job security, and  
promotions.

CMC training uses the national training and certification curriculum developed by the Manufacturing Skills Standards Council (MSSC). MSSC Production Technician Certifications are nationally recognized.

### **Gain 4 National Production Certifications:**

- Quality;
- Safety;
- Production Processes; and
- Maintenance Awareness.

### **Eligibility Requirements:**

- Hamilton County resident;
- Income within the last 3 months under 200% of the Federal Poverty Guideline; and
- Mechanical or manufacturing aptitude & work record.

Applications are available at CAA, located at 1740 Langdon Farm Rd, or online at [www.cincy-caa.org/cmc.asp](http://www.cincy-caa.org/cmc.asp).
